

Buying Meds To Make Meth?

**Police Take
NAMES...**

**...And Make
ARRESTS**

If you are buying certain cold and allergy medicines, we're going to check your ID. Our database is linked to other stores, and police identify suspicious purchases.

If they find out you are here for a meth dealer, you will be arrested, charged with a felony and face time in prison.

It's that simple.

**STOP METH.
NOT MEDS.**
